

It is with great pleasure that I write this testimonial for Toh Junsheng, who consistently exceeded expectations during his internship with us from May 13th to August 12th, 2024.

From day one, Junsheng displayed an exceptional aptitude for absorbing new AI knowledge and adapting to our fast-paced development environment. His eagerness to tackle complex concepts and apply them practically was truly impressive.

Junsheng's resilience in the face of challenges was particularly noteworthy. He approached every task, no matter how intricate, with unwavering determination and a positive attitude. His ability to maintain focus and deliver results under pressure speaks volumes about his strong work ethic and perseverance.

Junsheng made significant contributions to our client's Retrieval-Augmented Generation project, rapidly mastering relevant concepts, including Natural Language Processing and Large Language Model, and applying them effectively. He also demonstrated great potential in the broader AI space, consistently offering novel ideas and insightful perspectives. His quick learning, resilience, creative problem-solving skills, and burgeoning passion for AI make him an invaluable asset to any team.

I have no doubt that Junsheng will achieve great success in his future endeavors. I wholeheartedly recommend him for any opportunity he pursues.

Yours Sincerely,  
Kevin Chng, PhD  
Head, AIAP, AI Innovation
